CAPITAL-

COMMISSION ACTION REQUESTED ON: August 17, 2026

PURPOSE: Make a recommendation to the Board regarding application CU-26-04: Mitchell Payne is seeking a conditional use for a Go Kart / Remote Control Cars racing track at 155 Ponderosa Road, map parcel 023 132 (5.58 acres), in the RR, Rura Residential District. The property was previously, when the conditional use began, in the LI, Low Intensity District.

BACKGROUND / HISTORY:

1. This property is currently used as a single family residential property. There are two existing residences on the property in which the applicant and his daughter currently reside.
 2. The applicant built a go kart racing track behind his house. Code Enforcement received many complaints regarding the noise and traffic generated by the track. Racing was held once a week either on a Friday or Saturday evening / night.
 3. The applicant has stated there have been up to 150 people attending the event. There are multiple races held, by age group, throughout the evening. The applicant charged an entrance fee for spectators and each racer had to pay to race with the winner taking all.
 4. There were a number of people speaking both in favor and in opposition to the track. The ones in favor generally stated it was a family friendly entertainment option. Those speaking in opposition were primarily from the immediate area and complained of the noise, dust, and traffic. This location is on the portion of Ponderosa which is paved. However, immediately past this driveway, Ponderosa transitions to a single lane dirt road. Law enforcement had to respond at least once because the dirt road was blocked by track customers.
 5. The application was tabled at the July meeting so staff could track down additional information. Environmental Health stated a permanent restroom facility would be required. Emergency Services stated firefighting equipment would not be required on site because the go karts are less than 500 pounds. The State of Georgia Office of Insurance Commissioner, Fire Marshal Division was contacted regarding the regulation of the track. The Georgia Fire Marshal's office stated the track is not regulated by the state. The state only regulates racing tracks with vehicles more than 500 pounds. In addition, the state only regulates go karts when the karts are provided by the business, such as an amusement park ride. Lastly, federal ADA requirements will have to be met as the County can't waive those.
 6. The Planning Commission expressed concerns regarding noise, dust, and parking. One of the Commissioners provided the attached document outlining the potential noise and the parking areas. Based on the attached aerial view, there can probably be 50 to 60 parking spaces provided on site on the east side of the property. The large open area on the west is where trucks and trailers park. There should be sufficient room to park on the property if customers can be directed to the parking areas. Berms and other sound barriers can be placed around the track but given the relatively small size of the parcel, there
-

isn't sufficient space to minimize disturbances to the neighbors. The drawing shows the track can't be moved 200 feet from any property line and fit on the site.

7. The applicant submitted a petition of support from 204 people. 58 of whom live in Habersham County. The surrounding community submitted a petition in opposition with 51 signatures.
 8. At their August meeting, the Planning Commission expressed support for the concept of go kart racing but felt this area was not appropriate for the track.
-
-

FACTS AND ISSUES: The Planning Commission forwards this application to the Board with a recommendation of Denial.

OPTIONS: The Board of Commissioners could act on this application as follows:

1. Denial of the request as recommended by the Planning Commission;
 2. Approval of the request; or
 3. Commission defined alternative.
-
-

RECOMMENDED SAMPLE MOTION: I motion to deny CU-26-04 as recommended by the Planning Commission.

Habersham County Planning Commission Conditional Use Staff Report

APPLICATION NUMBER: CU-26-04

REQUESTED ACTION: Mitchell Payne is seeking a Conditional Use to be allowed to operate a Gas Powered Go Kart Track and/or RC Electrical Go Kart Track on his property. The tract is located at 155 Ponderosa Rd. and is further identified as Map 023 Parcel 132.

Synopsis: Initial inquiry regarding this was addressed when applicant came in to discuss future plans of the property and the opening of a Go Kart Track.

PETITIONER: Mitchell Payne.

PROPERTY OWNER: Mitchell Payne.

EXISTING USE: Residential

PROPOSED USE: Go Kart Track.

LOCATION: 155 Ponderosa Rd.

PARCEL(S) SIZE: 5.58 acre(s).

MAP# 023 PARCEL# 132

EXISTING & FUTURE LAND USE DISTRICT:

	Current Zoning District	2029 Future Land Use Designation
Parcel	LI	Rural
North	LI	Rural
East	LI	Rural
West	LI	Rural

MEETING DATES: Planning Commission: August 4, 2026

Board of Commissioners: August 17, 2026

PLANNING ANALYSIS:

1. The existing land uses and zoning classification of nearby property;

The current zoning classification of this parcel is LI – Low Intensity. The current land use is Rural as well as adjoining properties.

2. The suitability of the subject property for the zoned purposes;

The property is designated as LI – Low Intensity. This district will provide and protect an environment suitable for single-family detached residential uses or individual lots, conventional subdivisions and master planned developments, together with such other accessory uses as may be necessary to and compatible with low density residential surroundings.

3. The extent to which the property values of the subject property are diminished by the particular zoning restrictions;

It is the intent of the Conditional Use process to permit specific uses compatible with a residential area. The process will assist in determining the need for buffers, parking, hours of operation and other concerns that may be presented.

4. The extent to which the diminution of property values of the subject property promote the health, safety, morals or general welfare of the public;

Property values are not diminished by the current zoning.

5. The relative gain to the public, as compared to the hardship imposed upon the individual property owner;

A Go Kart Track could be a hardship to the community if not used within certain guidelines.

6. Whether the subject property has a reasonable economic use as currently zoned;

Property does have a reasonable economic use within the LI District.

7. Whether the proposed zoning will be a use that is suitable in view of the use and development of adjacent and nearby property;

The compatibility of the proposed use with adjacent properties is critical. Specific criteria will need to be addressed such as hours of operation, capacity, noise, sanitation, buffers, etc., to promote harmony and balance in an existing rural neighborhood.

8. Whether the proposed zoning will adversely affect the existing use or usability of adjacent or nearby property;

The existing land use patterns in the area is primarily rural. However, during certain times, an increase in traffic, noise, etc. may be an issue that needs to be addressed.

9. Whether the zoning proposal is in conformity with the policies and intent of the land use plan;

The Comprehensive Plan identifies this area as Rural. The scope of the proposed use will support compatibility and balance if certain criteria is met.

10. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools;

The increase of noise and traffic could possibly be an issue to the neighborhood.

11. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal;

The balance of the above mentioned issues at this location are essential to maintaining the integrity of the Comprehensive Plan. The proposed use may need to have restrictions placed upon it to support harmony and balance in this rural neighborhood.

Staff Recommendation:

The Conditional Use request is to allow the applicant and property owner to operate a Gas-Powered Go Kart Track and/or RC Electrical Go Kart Track on his property. The applicant wants do racing one night a week primarily on Friday nights which may occasionally be moved to Saturday night but never more than one night a week. The track will officially open at 4 PM for practice but no racing will occur outside the hours of 6 PM and 10 PM. During the winter months the racing will be moved to Saturday daytime racing and will conclude before dark. Although this proposal could be very eventful to the community, several issues stand out that may be burdensome to the neighborhood. Staff feels that the increase of noise, traffic, sanitation, and lack of buffers could all be issues that could be a hardship on this residential community and neighboring properties. Therefore, Planning Staff recommends **denial** of **CU-26-04**.

Staff recommends:☐ Approve as Submitted☐ Approval with Conditions☒ Denial☐ Table**Planning Commission recommends:**☐ Approve as Submitted☐ Approval with Conditions☒ Denial (8-4-26)☐ Table**Board of Commissioners Decision:**☐ Approve as Submitted☐ Approval with Conditions☐ Denial☐ Table

CAMPAIGN CONTRIBUTION DISCLOSURE FORM

Required For All Applications Regarding the Comprehensive Land Development Resolution

Disclosure of Campaign Contributions:

When any application is made for a Public Hearing with regards to the Comprehensive Land Development Resolution within two (2) years immediately preceding the filing of the applicant's application for public hearing, campaign contributions aggregating \$250.00 or more to a local government official who will consider the application, it shall be the duty of the applicant to file a disclosure report with the governing body of the respective local government showing:

- (1). the name and official position of the local government official to whom the campaign contribution was made; and
- (2). The dollar amount and description of each campaign contribution made by the applicant to the local government official during the two (2) years immediately preceding the filing of the application for public hearing and the date of each contribution; and
- (3). The disclosure shall be marked by the **applicant, property owner, or person representing the property owner** and shall be filed within ten (10) days after the application for Public Hearing is first filed with the Planning Staff. If the disclosure is not provided to the Planning Staff within said 10 days, the application shall be removed from the scheduled agenda.

I hereby certify that I have ____; I have not ☒; (please ☒ one) read the above and that:

Within the two (2) years immediately preceding this date, I have; ____ I have not ☒; (please ☒ one) made any contribution(s) aggregating \$250.00 or more to any local government official involved in the review or consideration of this application.

If you have made such contributions, you must provide the data required below within 10 days of filing this application.

This is for a go-kart Track And or
RC Track , wanting to do one night a week
Start at 4pm with Know sound of Microphone
Racing from 6pm until 10pm ,
Friday Night Racing Some weeks may change to
Saturday nights . or Saturday Daytime winter
Months . And will be done Before Dark during
winter Months . I Am Asking for
Conditional use to help with decide
on the Rules & Regulations. That you would
want To see And help to do this.
Your help would be greatly Appreciated.

Thanks

NOISE

Typical acceptable neighborhood noise levels range from 55 decibels (dBA) during the day to 45 dBA at night. Go kart tracks routinely generate 90 to 125 dBA on-site, and local municipal noise ordinances or specific track permits generally mandate property line limits capped between 55 and 70 dBA depending on zoning. [1, 2, 3, 4]

Neighborhood Noise Standards

- **Daytime limits:** Generally set between 55 and 65 dBA (similar to a normal conversation or background office noise).
- **Nighttime limits:** Generally restricted to 45 and 50 dBA to protect sleep.
- **EPA guidelines:** The U.S. Environmental Protection Agency identifies 55 dBA outdoors as the threshold to prevent significant activity interference and annoyance. [1, 2, 3, 4, 5]

Go Kart Track Operational Standards at the Property Line

- **General property line caps:** Most local city or county codes enforce a maximum limit of 55 to 70 dBA at residential property boundaries, dropping lower during night hours. [1, 2]
- **Track-specific limits:** Prominent facilities often enforce strict internal or perimeter caps (such as 80 to 98 dBA measured at a set distance like 50 feet from the source or boundary edge). [1, 2]
- **Mitigation enforcement:** Because raw go-kart noise frequently exceeds 100 dBA, tracks must frequently utilize physical sound barriers, mandatory high-efficiency mufflers, exhaust baffles, or restricted operational windows to comply with local property-line thresholds. [1, 2, 3]

A stock Harbor Freight Predator 212cc (6.5 HP) go-kart engine generates a sound level rating of approximately **90 dB to 104 dB** depending on the load, distance, and testing conditions. [1, 2, 3, 4]

Sound Level Breakdown

- **Stock Official Rating:** Harbor Freight lists the baseline sound rating for the standard 212cc OHV horizontal shaft engine at **90 dB** (measured to EPA specifications). [1]
- **Under Full Load / Close Range:** Real-world testing and technical specifications often put the raw output closer to **104 dB** when running at higher operational RPMs under a load a few feet away. [1]

- **Modified / Straight Pipe:** Installing an aftermarket high-flow exhaust header or "straight pipe" without a proper muffler can easily push noise levels past **110 dB to 115+ dB**, making it comparable to a chainsaw or a low-flying aircraft.

Factors That Affect Noise Levels

- **The Muffler:** The factory stock box muffler is heavily restrictive, but it does a fair job keeping the noise down to a dull roar. Switching to performance headers immediately increases the decibel output exponentially. [1, 2]
- **RPM and Governor:** Removing the governor allows the engine to rev past its standard 3,600–3,800 RPM limit, which significantly raises the pitch and volume of the exhaust notes. [1, 2]
- **Distance:** Sound drops by about 6 dB every time the distance from the source is doubled. A reading of 104 dB right next to the kart will sound much quieter if measured 50 feet away.

To achieve a 70-decibel limit at a property line, an outdoor go-kart track typically needs to be **at least 800 to 1,000 feet away** from the boundary if operating completely in the open. This distance can be significantly reduced to roughly **200 to 300 feet** if heavy acoustic barriers, earth berms, or solid walls are installed. [1]

Sound Math and Variables

- **Source Noise:** A standard racing go-kart produces roughly 90 to 100 dBA at a distance of 50 feet under acceleration.
- **Inverse Square Law / Drop-off:** Outdoor sound levels typically drop by about 4.5 to 6 dBA every time the distance from the source is doubled, depending on ground absorption and atmospheric conditions. [1]
- Going from a peak trackside noise of ~95 dBA down to 70 dBA requires a reduction of 25 decibels, meaning the distance must double roughly 4 to 5 times.

Mitigation Factors

- **Barriers:** A solid wall or earth berm block can easily knock off 10 to 15 dBA of immediate line-of-sight sound.
- **Fleet Size:** Multiple karts running at the same time combine their sound energy, raising the overall ambient decibel level compared to a single kart test. []
- **Local Codes:** Exact requirements depend heavily on local zoning laws, whether measurements are "peak" or "sustained hourly averages," and topography. An

official acoustic study by an engineering firm is recommended before construction. [1]

DUST

A dirt go-kart track typically needs to be **at least 100 to 200 feet** away from a property line to reduce dust drift, though local zoning laws often mandate specific setbacks ranging from **50 to 300 feet** or more for any motor sports or outdoor recreation use. Even when a track is watered down before a race, high-speed karts quickly kick up and dry out surface soil, meaning distance alone cannot fully stop dust if wind is blowing toward neighbors. [1, 2, 3]

Factors Influencing Dust Spread

- **Wind Direction and Speed:** High winds carry fine airborne dirt particles hundreds of feet beyond the track edge, regardless of initial watering.
- **Soil Composition:** Tracks built with high clay content hold moisture longer and dust less, while sandy or loamy soils dry out fast and drift easily. [1]
- **Track Usage Intensity:** Continuous racing during a multi-heat event evaporates surface water and pulverizes topsoil into fine silt.

Mitigation and Compliance Strategies

- **Vegetative Buffers:** Planting a dense row of evergreen trees or shrubs along the property boundary traps low-flying dust and acts as a physical filter. [1]
- **Chemical Stabilizers:** Applying hygroscopic salts like calcium chloride or magnesium chloride to the dirt helps the surface retain moisture between waterings. [1, 2, 3, 4]
- **Local Ordinances:** Always check with your local county or city zoning office, as they hold final authority on setback minimums and nuisance codes regarding airborne particulate matter. [1, 2]

Liability and Insurance

To operate a public go-kart track for visitor-owned karts, you need specialized motorsports or amusement liability insurance, featuring **Commercial General Liability (CGL)**, **Participant Accident Coverage**, and an **Excess Umbrella Policy**. Standard commercial policies usually exclude high-risk motorized racing activities, making specialized coverage mandatory. [1, 2, 3, 4, 5]

Core Liability Coverages

- **Commercial General Liability (CGL):** Covers bodily injury and property damage claims from visitors or spectators. Standard limits start at \$1 million to \$2 million per occurrence. [1]
- **Participant Liability / Participant Accident:** Covers medical bills and injuries sustained by the kart drivers themselves while on your track, which standard general liability often restricts. [1, 2, 3, 4, 5]
- **Excess Umbrella Policy:** Adds extra layers of liability protection (often \$2 million to \$5 million more) above your primary CGL limits. [1, 2, 3, 4]
- **Motorsports Errors and Omissions:** Protects against claims tied to track management errors, rules enforcement, or event operations. [1]

Special Considerations for Brought-In Karts

- **Custom Track-Day & Participant Waivers:** Because visitors bring their own machines, you face high risks from poorly maintained outside equipment. Require every visitor to sign a legally vetted liability waiver and release form before unloading. [1, 2]
- **Equipment & Safety Inspection Clauses:** Your insurance provider will likely require you to enforce strict safety and mechanical inspection rules for any outside kart entering the asphalt to minimize structural failure risks. [1]
- **Additional Insureds:** Policies can be extended to name track officials, property owners, or sponsors as additional insured parties. [1]

Parking

To provide parking spaces for a go kart track with approximately 140 spectators and 50 participant carts with trucks and trailers to bring in the karts you will typically need roughly **100 to 125 total parking and pit spaces**, breaking down into standard spectator vehicle stalls, oversized rig/trailer spaces, and staff spots.

Spectator and General Parking

- **Spectator spaces:** 45 to 50 standard vehicle spaces (assuming an average ratio of 3 spectators per car, plus a small buffer for staff and officials).
- **Accessible spaces:** 4 to 6 ADA-compliant standard stalls located near the main gate or grandstands.

Participant Paddock and Rig Parking

- **Truck and trailer spaces:** 50 dedicated oversized slots (measuring roughly 10' x 40' to 10' x 50' each) to accommodate a pickup truck and enclosed or open trailer for each of the 50 participant carts. [1]
- **Turnaround and staging aisles:** Extra wide drive lanes (at least 35 to 45 feet) to allow trucks with long trailers to back in, pull through, and maneuver safely without blocking main visitor traffic.

Comprehensive Zoning Assessment Report

Project Type: Commercial Go-Kart Track Facility

Proposed Location: Mixed Residential and Agricultural Zoning District

Purpose: Technical evaluation framework for planning commission and board of commissioners review.

1. Noise Impacts, Mitigation & Property Line Setbacks

Go-kart tracks in quiet rural/residential settings (where ambient daytime noise is typically 40–50 dBA) present significant acoustic compatibility challenges.

Key Technical Considerations

- **Source Levels:** A field of 10–15 four-stroke predator-style engines running simultaneously generates roughly 85–100 dBA at the source. At a distance of 100 feet, this translates to roughly 70–75 dBA unfiltered.
- **Sound Decay over Distance:** Sound attenuates at a rate of roughly 6 dBA per doubling of distance over open ground. To drop an unfiltered 95 dBA roar down to an acceptable residential daytime threshold of **55 dBA** strictly through open-air distance, the track needs a buffer of approximately **500 to 600 feet** from the source.
- **Property Line Targets:** Most residential/agricultural zoning ordinances restrict daytime commercial noise to a maximum of **55 dBA** at the property line, and **45–50 dBA** during evening hours.

Recommended Setbacks & Zoning Conditions

- **Minimum Structural and Track Setbacks with physical buffering:**
 - **Adjacent to Agricultural Zoning:** Establish a minimum **100-foot setback** from the property line to the edge of the track surface, pit areas, or mechanical structures.
 - **Adjacent to Residential Zoning:** Establish a strict minimum **300-foot setback** from the any residential structure exterior to the property to the edge of the track surface or pit areas. This extended buffer accounts for the high-pitched, fluctuating frequency of go-kart engines which neighbors perceive as highly disruptive.
- **Physical Buffering:** Within the setback zone, require a continuous 15-to-20-foot-high earthen berm wrapped around the track perimeter, topped with a dense

evergreen structural buffer. Earthen berms are drastically more effective at absorbing low-frequency engine drone than standard privacy fences.

- **Muffler Mandates:** Require all participant-owned and house karts to be equipped with spec factory mufflers or aftermarket silencers (e.g., RLV heavy-duty silencers) that limit individual kart output to a maximum of 77 dBA at a 50-foot test distance.
 - **Hours of Operation:** Limit track hot laps strictly to daytime hours:
 - **Saturdays:** 9:00 AM – 7:00 PM
-

2. Dust & Air Quality Control

Unpaved dirt tracks, gravel parking areas, and unpaved pit paddocks present acute particulate matter (PM10) issues for neighboring agricultural crops and residential properties.

Key Technical Considerations

- **Erosion and Displacement:** A single weekend race event featuring 50 participant carts can displace tons of topsoil, generating high-velocity dust plumes that drift onto adjacent properties.
- **Agricultural Contamination:** Heavy dust settling on surrounding crops can stunt plant growth, interfere with photosynthesis, and damage specialized agricultural equipment.

Recommended Setbacks & Zoning Conditions

- **Vegetative Dust Buffer Setback:** Require a **50-foot wide undisturbed vegetative buffer strip** within the property line setbacks. This buffer must feature a dense mix of native trees and shrubs to act as a physical "filter" for drifting PM10 dust particles.
- **Mandatory Watering Systems:** Require an engineered, automated perimeter sprinkler/water truck system. The track must be thoroughly saturated prior to every heat race to maintain soil moisture retention.
- **Chemical Suppressants:** Require the application of environmentally safe dust palliatives (such as lignin sulfonate or calcium chloride) to the track surface and gravel parking lot elements at least twice per season. *Note: Petroleum-based dust suppressants must be forbidden to protect local agricultural aquifers.*

- **Paved Aprons:** Require a minimum 50-foot paved asphalt apron connecting the facility exit to the public right-of-way to prevent tracking mud and loose aggregate onto public roads.
-

3. Traffic Infrastructure Impacts

The transition from low-volume agricultural traffic to concentrated, high-volume event traffic can severely impact rural two-lane roadways.

Key Technical Considerations

- **Peak Surge Loading:** Unlike steady retail traffic, race tracks experience severe "surge" loading—massive inbound spikes in the morning (participants with large trailers) and sharp outbound spikes immediately following the final main event (spectators and participants leaving at once).
 - **Turning Geometry Constraints:** Trucks towing 20-to-30-foot enclosed trailers require wide turning radii. Safe entry from narrow, uncurbed rural roads requires substantial turning space to avoid dropping wheels into roadside drainage ditches.
-

4. Parking & Paddock Layout

Ample, highly structured on-site parking is vital to prevent dangerous overflow parking along narrow rural highway shoulders.

Key Technical Considerations

- **Mixed-Use Vehicle Distribution:** The facility demands a split design accommodating standard commuter cars alongside long, heavy tow rigs.
- **Maneuvering Footprint:** A truck with an enclosed trailer requires a turning diameter of 60 to 80 feet. Tight parking configurations result in gridlock within the paddock, forcing trailers to back out onto public rights-of-way.

Spatial Allocation & Setback Matrix

The site plan must explicitly designate and separate parking zones based on vehicle classification, keeping all active areas outside the primary setbacks:

Parking Zone	Target Vehicle Type	Required Space Dimension	Minimum Allocation (140 Spectators / 50 Karts)	Minimum Setback from Residential Lines	Design Standard
Spectator Lot	Standard Cars / SUVs	9' x 18'	50 Spaces	20 Feet	Gravel or asphalt surface; clear directional signage.
ADA Accessible	Vans / Standard Cars	13' x 18' (with aisle)	4 Spaces	20 Feet	Must be hard-surfaced (concrete/asphalt) near main gate.
Participant Paddock	Trucks with Trailers	10' x 40' to 12' x 50'	50 Spaces	20 Feet	Pull-through or deep back-in configuration; unpaved or compacted gravel.
Drive Aisles	Rig Maneuvering	35' to 45' width	N/A	20 Feet	Two-way travel lanes; must remain completely clear of parked karts or gear.

5. Liability, Safety & Environmental Protection

Zoning approval must ensure the operation does not pose an undue burden on local emergency management services or threaten local water tables.

Key Technical Considerations

- **Emergency Management:** Rural volunteer fire departments and county EMS routes can be easily overwhelmed by high-risk sports facilities if proper access isn't engineered into the layout.
- **Hazardous Materials:** Race events involve widespread refueling, oil changes, and tire storage, creating severe stormwater runoff risks for nearby agricultural wells.

Recommended Zoning Conditions

- **Environmental/Well Setbacks:** Ensure all track surfaces, fuel storage areas, and paddock spaces maintain a minimum **300-foot setback from any existing off-site residential drinking water well** or active agricultural irrigation well.
- **Emergency Access Loop:** Require a minimum 20-foot-wide, stabilized, all-weather emergency vehicle access lane that completely encircles the track perimeter, separate from visitor walkways.
- **Fuel and Fluid Containment:** Require all participant refueling to take place over a designated, impervious concrete pad tied to an oil-water separator. Dumping fluids on agricultural soil must trigger immediate code enforcement revocation of the Special Use Permit.
- **Commercial Liability Insurance:** Require proof of a minimum \$2,000,000 general commercial liability policy, explicitly naming the county/city as an additional insured party, to be renewed annually as a condition of business license maintenance.

Good afternoon,

You are correct that we only regulate Go Kart tracks that are open to the public and provides the Karts. There is a US Karting group that insures the private tracks. Hopefully the owner is a member of that organization.

This is the first time you received an email from this sender (mbeecham@habershamga.com). Exercise caution when clicking links, opening attachments or taking further action, before validating its authenticity.

Secured by Check Point

Chief Lynch,

I am with Habersham County government. We have had a request for a go kart track in Habersham County that we are currently reviewing. During the course of our review, we discovered your office regulates go karts through Rule 120-3-27-.41.

The go kart track proposed with us will be a private track for racing where the individual racers will be bringing their own karts to the track. Races will be held where each racer has an entrance fee with the winner taking all of the fees. The proprietor charges an entrance fee to all spectators and provides the track only. It is a dirt track behind the owner's house without all of the fencing and other safety features mentioned in 120-2.27-.41.

I am wondering if the proposed track will fall under Rule 120-3-27-.41. By the definition in the rule it would seem to fit, but all of the individual regulations seem to be designed for a kart track where the business provides the karts. Any guidance will be appreciated.

Subject: Re: Go Cart Track Questions

CHAPTER 120-3-18 5
6
RULES AND REGULATIONS 7
FOR 8
FIRE SAFETY INSPECTION, OPERATION, LICENSING AND CERTIFICATION 9
OF 10
MOTOR VEHICLE RACETRACKS AND GRANDSTANDS

(8) MOTOR VEHICLE: As used in this chapter, the term "motor vehicle," shall not be construed to include any motorcycle or other two-wheeled, self-propelled vehicle, nor shall it be construed to include any motor vehicle weighing less than 500 pounds, per §O.C.G.A. 43-25-1. For the purposes of this chapter, "Motor vehicle" includes all-terrain vehicles and utility-task vehicles having more than two wheels and a dry weight of 500 pounds or more.

2024 CODE OF GEORGIA

Title 43 - PROFESSIONS AND BUSINESSES (§§ 43-1-1 — 43-51-15)

Chapter 25 - OPERATORS OF MOTOR VEHICLE RACETRACKS (§§ 43-25-1 — 43-25-10)

Section 43-25-1 - "Motor vehicle" defined

As used in this chapter, the term "motor vehicle," shall not be construed to include any motorcycle or other two-wheeled, self-propelled vehicle, nor shall it be construed to include any motor vehicle weighing less than 500 pounds.

In short Go Karts racing does not require an Ambulance or Fire Engine onsite or standby. It is up to the employees and track owners to enforce safety standards for everyone racing and or on the property. The weight of the Karts being under 500 pounds excludes it from this Georgia Code.

Subject: Go Cart Track Questions

Jeff

We had a public hearing at last night's Planning Commission about a go cart track on Ponderosa Road. During the discussion, the Commissioners asked if fire protection and ambulance service were required on site. I couldn't answer the question and it honestly didn't occur to me before the meeting. Can we meet soon to figure out when

an ambulance is required and also what type of firefighting equipment may be legally required to be on site during racing? I can't meet today but should be able to make any other time this week work. Thanks

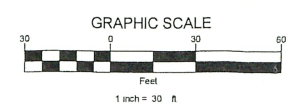

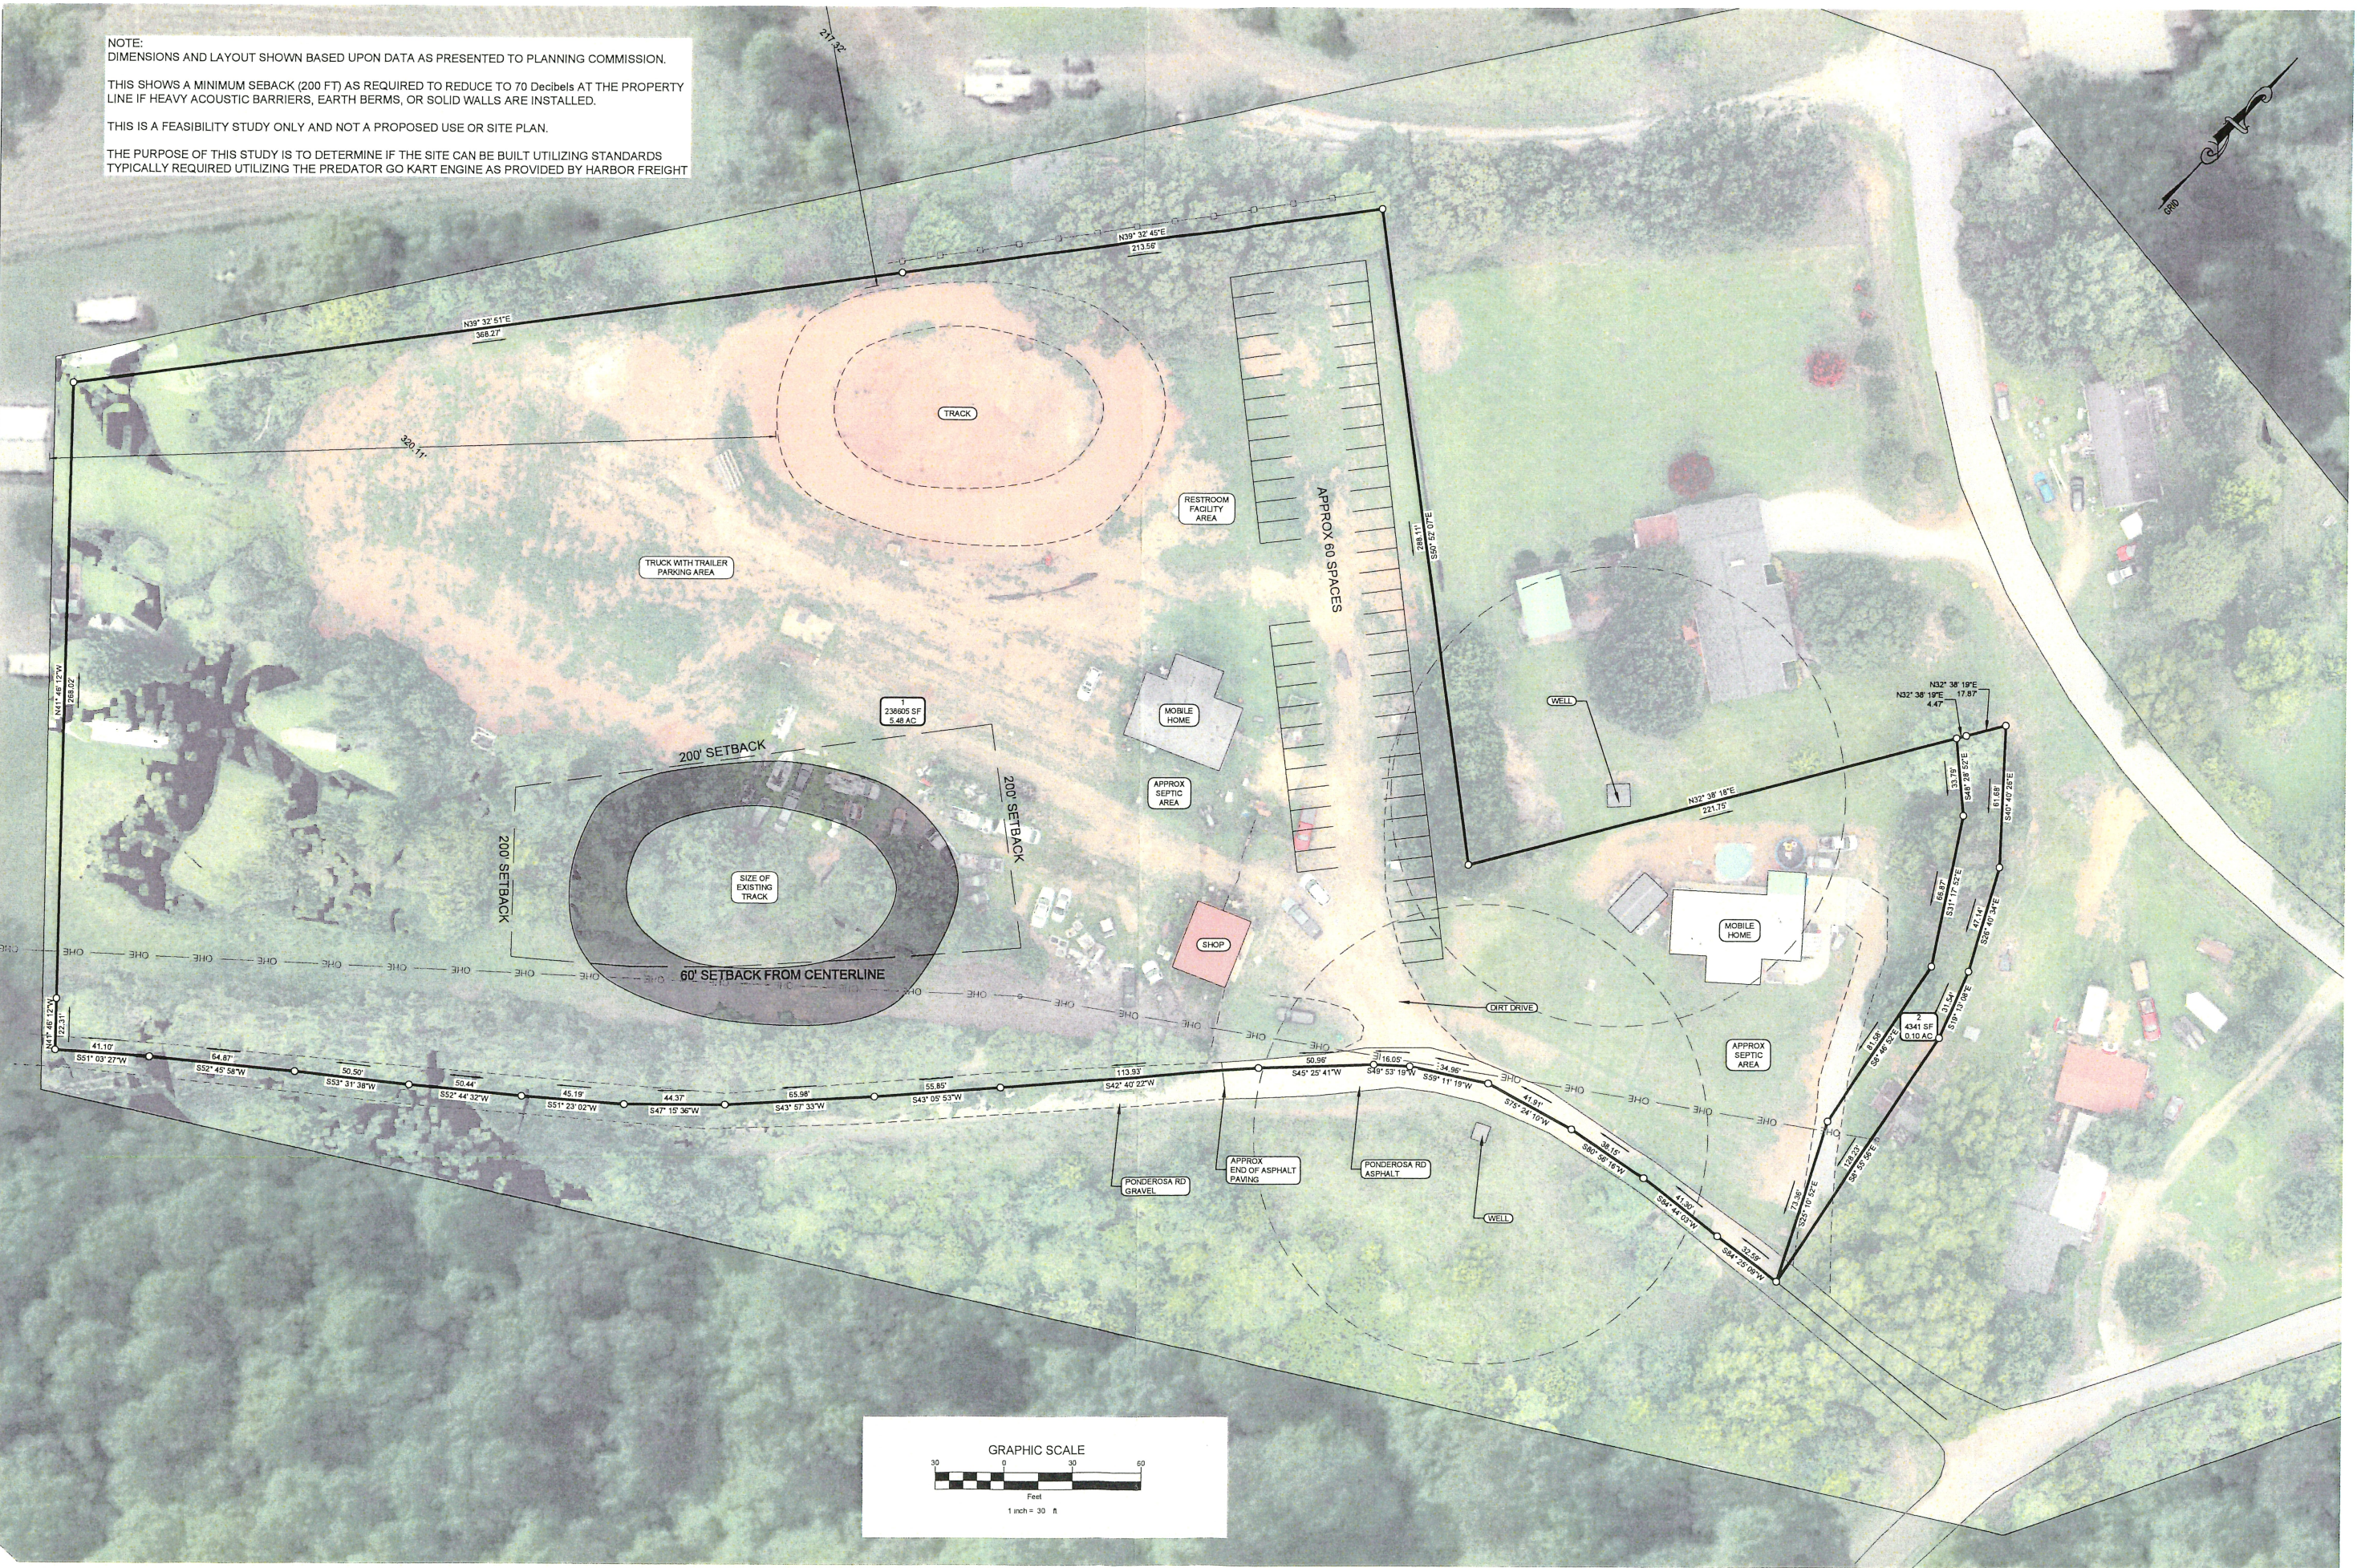

Mike Beecham
Habersham County
Director of Planning and Development
Cell: 706-968-5882
Office: 706-839-0210

NOTE:
DIMENSIONS AND LAYOUT SHOWN BASED UPON DATA AS PRESENTED TO PLANNING COMMISSION.

THIS SHOWS A MINIMUM SEBACK (200 FT) AS REQUIRED TO REDUCE TO 70 Decibels AT THE PROPERTY LINE IF HEAVY ACOUSTIC BARRIERS, EARTH BERMS, OR SOLID WALLS ARE INSTALLED.

THIS IS A FEASIBILITY STUDY ONLY AND NOT A PROPOSED USE OR SITE PLAN.

THE PURPOSE OF THIS STUDY IS TO DETERMINE IF THE SITE CAN BE BUILT UTILIZING STANDARDS TYPICALLY REQUIRED UTILIZING THE PREDATOR GO KART ENGINE AS PROVIDED BY HARBOR FREIGHT

Dear Planning Committee,

We respectfully request that you deny Petition **CU-26-04** seeking a conditional use permit to operate a gas-powered go-kart and electric RC go-kart track at **155 Ponderosa Road**.

Our concern is not with the business itself. We appreciate the value of providing a recreational activity for youth. However, we do not believe this is the appropriate location for this type of commercial use.

Our community is zoned residential and agricultural for a reason. We chose to live here because of its quiet, rural character, and granting this conditional use permit would alter that character while setting a precedent for additional commercial uses in the future.

Even during the track's limited, word-of-mouth operation, residents have experienced increased noise and traffic. Neighbors have frequently discussed the noise with one another, but have not made reports. We value our quiet neighborhood and generally prefer not to file complaints unless absolutely necessary. The lack of formal reports should not be interpreted as the absence of ongoing problems.

Similarly, while it was stated at the last meeting that the road had only been blocked once, that reflects only the number of reported incidents. There have been multiple occasions when residents were unable to enter the neighborhood because of traffic associated with the track.

Even with the current attendance, vehicles and trailers already create congestion. If the business is approved and continues to grow, these problems will only increase. At the previous meeting, the Committee discussed limiting attendance, but without a practical means of enforcement, any conditions placed on the permit may prove ineffective.

Ponderosa Road is simply not an appropriate location for a loud recreational business. We chose this community for its peaceful surroundings and natural beauty.

For these reasons, we respectfully ask that you deny Petition CU-26-04. While we support the applicant's efforts and believe the business could be successful, we believe it belongs in an area that is appropriately zoned for commercial activity rather than within an established residential and agricultural community.

Thank you for your time and thoughtful consideration of the concerns of the surrounding residents.

Respectfully,

Residents of Twin River, Twin River Orchard, Ponderosa, White Rapids, and other affected citizens

[Please see the attached petition] (51)

☒ Yes

☐ No

Why you support the track

I support reopening our local go-kart track (Ponderosa Backyard Kartway) because it gives kids, teens, and families a safe place to spend quality time together. Activities like this help keep young people off the streets, away from excessive screen time, and involved in positive community experiences. A local track provides fun, friendly competition and creates memories that bring families and friends closer together. Our community benefits when we invest in places that encourage outdoor recreation and family involvement.

☒ Yes

☐ No

Why you support the track

This is a family oriented activity. Since I've started racing at ponderosa , it has significantly impacted my family, bringing us closer together as well as building friendships. It not only gives these children something to look forward to , but it teaches them responsibility along the way. Ponderosa isn't just a karting track , it's a place to come together as a community and support one another .

Why you support the track

I support the track bc I feel with all the kids involved racing is something that the kids can look forward not only that kids can learn how to fix things when they break most kids now days can't even change a tire on a car must less anything else. Think of it this way some kids play sports like basketball football baseball soccer or whatever the county builds fields for that well racing is just as much sport as anything. Where not asking the county for the money to build a track where asking the county to let us race let the kids and the parents bond have fun as a family/team. Don't let someone who's just moved in here from another town country run this county stand up habersham county do the right thing here. I mean we have went by the noise ordering rule 10:00pm we done racing who don't stay up till 10 on a Friday or Saturday night. People talk about the smell/fumes come on we run reg gas same as why you run in your mower or car. Most the karts have mufflers so if your inside even as close as houses is you wouldn't hear them now the big motors yeah I understand but we can put mufflers on them. Stand up and do what's right for the county I 100% support ponderosa back yard track! LET US OPEN BACK UP FOR THE KIDS AND MAYBE ONE OF YOUR KIDS OR GRANDCHILDREN ONE DAY!

Barrow

Do you support the reopening of Ponderosa Backyard Kartway ? *

☒ Yes

☐ No

Why you support the track

I support the track because as a racer tracks are closing and destroying the sport. Also because if we have nowhere to go the only other option is to play in the shadows. Then the county really has a problem.

☐ No

Why you support the track

It's a place where kids and adults can come and have fun. It actually gives us something to do in a town where there is nothing around anymore. It's fun for all ages. It's something to look forward to after a hard day of work or just a stressful day in general. My kids love watching, I love watching, and it's bringing the heart of racing back into the world.

☐ No

Why you support the track

I support this track in particular because the first day I took my 25 year son there I fell in love with this place and the track is doing for so many kids giving them a place to come to and race which teaches them so much and gives them a hobby to keep them off the streets. I bet I have personally heard the owner say it's all about the Kids and that's true. Please consider approving this track and if necessary changes are need to accommodate everyone!

Do you support the reopening of Ponderosa Backyard Kartway ? *

☒ Yes

☐ No

Why you support the track

It gives me and my family a place to go race and not have to travel 2+ hours. Its good for our local kids, as racing is a good sport that teaches them a lot about life and how to be a well rounded competitive person. There is no drugs, no alcohol, and folks are all friendly. I really hate to see a local place like this get shunned for just simply, giving folks something to do on a Friday night

Why you support the track

I support this track because it's a great family place. My youngest son who is 5 rode his first gocart on this track and he was so proud of himself and Mr. Mitchell was so nice and has helped a lot and worked so hard. To make the track what it is. My fiancé and his father race their go carts here and I've raced here and we enjoy the family type of environment. We travel almost 2 hours just to race at this track due to how amazing it is. So many children seen playing before and after they race makes my heart warm. We love this track and love all the support that comes with it!

Do you support the reopening of Ponderosa Backyard Kartway ? *

☒ Yes

☐ No

Why you support the track

I strongly support reopening the go-kart track because it provides a safe, family-friendly recreational opportunity for residents of all ages. The track gives children and young adults a positive outlet where they can build confidence, learn responsibility, develop sportsmanship, and spend time engaged in a productive activity. It also brings families together, supports local businesses, attracts visitors to the area, and contributes to our community's quality of life. Reopening the track would restore a valuable community asset and create opportunities for recreation, youth involvement, and economic growth within the county.

Ponderosa Backyard Kartway

Name *

Brittany Roberts

Age *

36

County you live in *

Jackson

Do you support the reopening of Ponderosa Backyard Kartway ? *

☒ Yes

☐ No

Why you support the track

Racing has always been in our family and our local go cart tracks have all been shut down due to the families dying and having a place to go and enjoy our family time and let our children race is a great thing to have and with great people running it makes a difference

☒ Yes

☐ No

Why you support the track

My children, 7 and 12 years old, enjoy a sport where they can be independent! It's a great day for the whole family!

☒ Yes

☐ No

Why you support the track

Fun for the whole family. Plus it's something kids can do outside that's not a tablet or a phone.
