COMMISSION ACTION REQUESTED ON: 04/20/2026

PURPOSE: To request approval to declare surplus and transfer a 1995 Chevrolet Kodiak C70 tanker truck to the Georgia Forestry Commission (GFC).

BACKGROUND / HISTORY:

- a. This vehicle was purchased in 1995 for the purpose of installing a tank and pump provided by the Georgia Forestry Commission (GFC).
- b. Habersham Conty owns the truck chassis, while the GFC owns the tank and pump mounted on it.
- c. The truck was transferred to the Road Department prior to 2018 and is no longer in active service.

FACTS AND ISSUES:

- a. The Georgia Forestry Commission retains ownership of the tank and pump and is entitled to their return.
- b. While the tank and pump could be removed from the chassis, the remaining chassis has little to no practical or resale value to the County due to its age and condition.
- c. Transferring the entire unit to the Georgia Forestry Commission represents a practical solution and avoids retaining an asset with minimal utility to the County.

OPTIONS:

- 1) Approve recommendation: Approve the surplus and transfer of the 1995 Chevrolet Kodiak C70 chassis to the Georgia Forestry Commission.
 - 2) Deny recommendation.
 - 3) Commission defined alternative.
-
