

October 27, 2022

The Habersham County Board of Commissioners is very proud to accept the award of 2022 Small Employer of The Year award from the Georgia Department of Behavioral Health and Developmental Disabilities Supported Employment Division, as part of National Disability Employment Awareness Month. We are blessed to have an opportunity to provide support to our community partner, AVITA. AVITA sets a very high standard of providing community support services and employment opportunities to those who face disabilities in our region. Habersham County has been working closely with AVITA for over 25 years, and many individuals have filled positions and provided valuable service to the county across multiple departments including courthouse services, Senior Center, parks and recreation and other facilities. We wish to thank AVITA and these employees for their contribution to our organization. We look forward to continuing our partnership for many years to come!
