COMMISSION ACTION REQUESTED ON: December 18, 2023

PURPOSE: To request approval by the Board to award project LMIG 2023 SAP to Peek Pavement Markings, Inc.

BACKGROUND / HISTORY: The Local Maintenance & Improvement Grant (LMIG) Safety Action Plan (SAP) is an bi-annual grant that Habersham County receives from the Georgia DOT for safety improvements. For this year's safety improvement project we received \$227,000. LMIG rules require that we match at least 30% of the grant amount received which equates to \$295,100. However due to the availability of SPLOST funds for road improvements, Habersham County is able to exceed this match requirement. The County's match amount for this year's LMIG project is \$68,100.

The bid document for project LMIG 2023 SAP was originally publicly advertised on September 27, 2023 with a bid opening scheduled for October 16, 2023. However, no bids were received for this project. Habersham County staff re-advertised the project, and bids were opened and read aloud, on December 13, 2023, at 2:00 PM. We received 1 bid which was responsive from Peek Pavement Markings, Inc. with a total base bid of \$221,987.

FACTS AND ISSUES:

- The LMIG Program provides a grant every other year for safety improvements.
 - Scope includes traffic strip painting and thermoplastic application for roadways.
 - Project was advertised and bids were received on December 13, 2023.
 - Peek Pavement Markings, Inc. is the only bidder.
 - LMIG SAP formula amount is \$227,000.
 - Local share of project is \$68,100 to be funded from SPLOST.
 - Total project value is \$295,100.
 -
-
-
