Nomination of Kinsley Fowler for Employee Spotlight

The Habersham County Public Information Office would like to nominate Kinsley Fowler for the December Employee Spotlight.

Kinsley, who has only been employed as activity coordinator at the Habersham County Senior Center for less than a year, led the expansion of the Senior Center Christmas Bazaar to its new home at the Habersham County Fairgrounds.

She laid out the 100 booths and aisles in the Dewey Tench Market Pavilion, signed in vendors, and set the scene for photos with Santa.

Kinsley has also been involved in organizing and promoting other Senior Center activities, including the Senior Wellness Center open house and ribbon-cutting, Superhero and Princess Pancake Breakfast, and others.

In addition, she distributes information about Senior Center monthly events and activities to area media and the Public Information Office for inclusion in the Habersham County Newsletter.

During the course of her duties, Kinsley learned that her email distribution list was not reaching intended recipients, including media and several county offices. She quickly created a new contact list from scratch and ensured it was working as it should.

Due to Kinsley's hard work and dedication, recent Senior Center events have gone smoothly and been well-organized, and have raised money to continue the mission of building the programs put in place at the Senior Center by Director Kathy Holcomb and her staff.
