RE: Special Recognition of Lenay Gerrin

Commissioners,

My name is Terry Lannon and I'm currently serving as the County's interim Director of Parks & Recreation.

I'd like to recognize and introduce you all to Lenay Gerrin, the Special Events & Program Manager for our Parks & Recreation Department. Lenay has worked for the County for the last 14 years and served formerly as the Gymnastics Operations Supervisor prior to her moving on to the Aquatic Center.

In addition to her duties as an Operations Manager, Lenay was instrumental in the transition of the gymnastics program, and she also assisted with the issues that arose from the gymnastic building flooding.

Her role here requires her to have the biggest hat rack of anyone at the Center. Not only does she manage the Fitness Center and Special Events and Programs, but she's also coordinating the Front Desk, Memberships, and all of our Marketing and Social Media. In addition to all of this, she's able to help with the Administrative and Athletic portions of our operation.

We'd like to take this time to formally acknowledge Lenay for the tireless effort she puts forth for our community. I know she's very much appreciated by both the patrons and staff at the Aquatic Center.

Sincerely,

Terry Lannon
Interim Parks and Recreation Director
