CAPITAL-

COMMISSION ACTION REQUESTED ON: November 17, 2025

PURPOSE: The purpose of this agenda item is to seek consideration/approval from the BOC to rename a portion of Hollywood Hills Rd.

BACKGROUND / HISTORY: The commercial property owner of parcel 128 061C is concerned with liability if there is an emergency on their property. When the parcel was rezoned by the BOC, they put a condition on it that the driveway serving the site had to come off Hollywood Hills Road. The owner is accepting of that but there is an issue with the addressing. The white roofed structure on the other side of the four lane (see attached exhibit) is addressed 101 Hollywood Hills Rd. Our 911 system can't use two digit address numbers, which would be the appropriate number for the parcel if the Hollywood Hills numbering were continued. This road renaming will allow the site to be addressed on the road segment on which the drive access to the site is located.

FACTS AND ISSUES:

- The subject parcel was rezoned with the requirement that the driveway serving the site be from Hollywood Hills Road.
 - Based on current addressing guidelines this segment of road cannot be addressed off Hollywood Hills Rd.
 - Renaming the segment of Hollywood Hills Rd between Rockford Creek Rd and US 23 would allow the subject parcel to be addressed off the renamed segment.
 - The proposed renamed segment will be Hollywood Hills Connector.
-
-

OPTIONS:

- 1) Approve recommendation
 - 2) Deny recommendation
 - 3) Commission defined alternative
-
-

RECOMMENDED SAMPLE MOTION: Motion to approve the renaming of the segment of Hollywood Hills Rd between Rockford Creek Rd. and US 23 to Hollywood Hills Connector.
