Re: Employee Spotlight for Patty Lee

Commissioners,

Patty Lee has made a strong impact on Habersham County's Fleet Services through her initiative, efficiency, and attention to detail. She volunteered to coordinate the registration of 164 emergency response vehicles for the Peach Pass/Toll Pass program, supporting reliable operations for critical services. She also managed the surplus of county assets through GovDeals, selling 23 vehicles and 22 pieces of equipment and generating \$72,545 in revenue this year. In addition, Patty closed out 1,322 work orders for the calendar year and successfully stocked 29 leased vehicles while handling all tag and title processing for the Sheriff's Office. Her hard work and organization continue to improve the efficiency and effectiveness of Fleet Services across the county. It is for this reason, that I am requesting that she be recognized by the Commission for the Employee Spotlight.

Thank you,

Mac Koon  
Assistant Public Works Director
